Multiassociational leagues

A multiassociational league may enter a total number of teams in each UICA competition equal to the sum of the places allocated to its top two ranked associations (unless only one of its associations can contribute places according to puppet rules).

In the TakilQuip Champions' Cup, group stage places must be filled by teams from the association that earned them, champions' path places must be filled by association champions (*i.e.*, an association's highest-placed team in the league), and non-champions' path places may be filled by teams from any association.

In the Globe Cup, any multiassociational league may enter six teams (unless only one of its associations can contribute places according to puppet rules). No single association may enter more than four teams.

In the Series B Champions' Cup, any multiassociational may enter eight teams (unless only one of its associations can contribute places according to puppet rules). No single association may enter more than six teams.
